

# Welcome!

Remote Desktop Protocol IO Lab  
March 20-22, 2023

## RDP IO Lab

Welcome to the  
2023 RDP IO Lab!

## Event Activities:

Attend RDP-related sessions

Test your RDP Implementation – via the virtual Azure testing environment or offline.

Engage with our protocols support, test team, content and RDP product team.

Network and connect with other RDP community members

Breakfast, lunch, and plenty of coffee will be available!

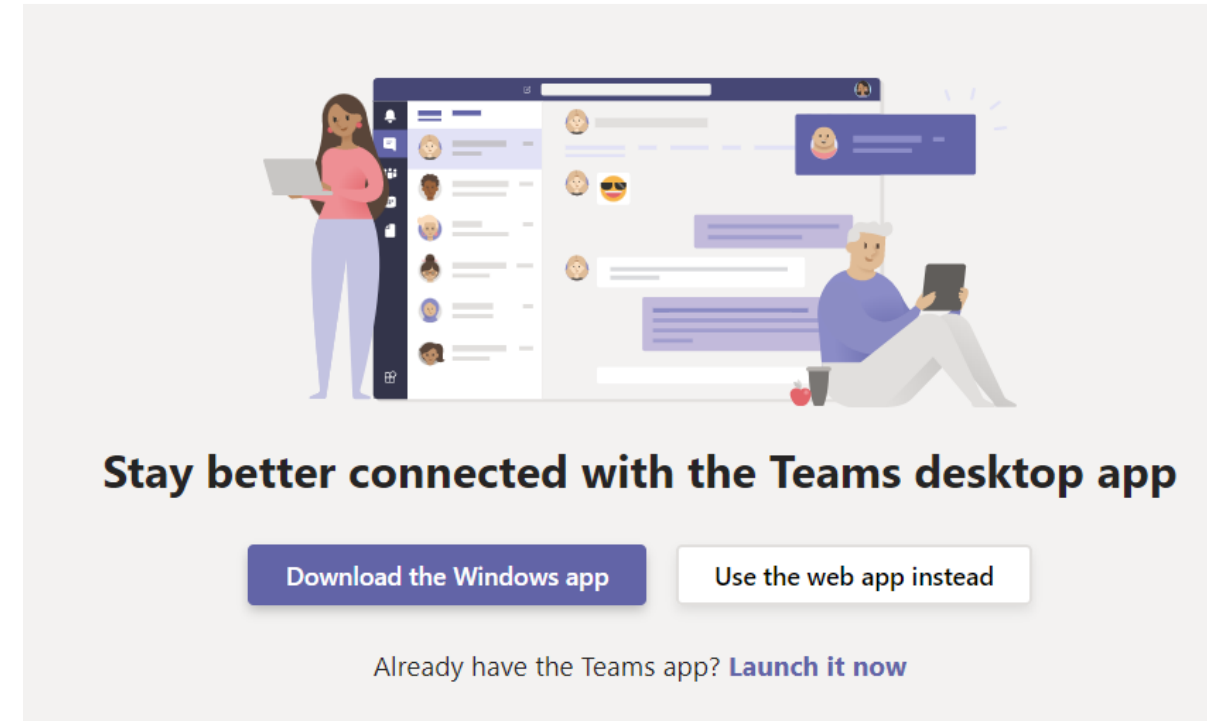

# Event Communication

## Engage Face to Face

- Network and collaborate
- 1:1 meeting options

## Microsoft Teams and SharePoint

- Chat with extended team members and Post your questions in the [RDP IO Lab Teams](#)
- Find useful resources on the [RDP IO Lab site](#) (agenda, test guidelines, tutorials and more)

Microsoft Building 92

Hours: M-F 10:00am – 5:00pm

# Event Hours

- The RDP IO Lab will run between **9:00am – 5:00pm** March 20-22, 2023.
- The Azure testing environment is available 24 hours a day starting at 9:00am on March 20-22.

Date	Support Hours	Support level
3/20-3/22	9:00 AM – 5:00 PM PST	<b>On-site IO Lab:</b> real-time support for testing, networking, and technical support issues during event hours.  <b>Teams IO Lab:</b> real-time support for testing and networking, and technical support issues during event hours. During off hours, please post your questions in Teams and our remote staff will get to them as soon as they can: <a href="#">RDP IO Lab on Teams</a>

# Testing

If you plan on testing your RDP Implementation:

The IO Lab network infrastructure is a **virtual secured, isolated environment**, that consists of a local physical network with a **site-to-site VPN** to the Azure test network containing the Microsoft test servers.

Available testing options:

1. **Virtual Environment testing (Azure)** – VPN to the Microsoft test servers located in Azure, through the Microsoft guest network. Follow the [Testing step-by-step guide](#) to reserve your Azure environment VMs.
2. **Offline testing** – Conduct offline testing on your devices by downloading the test suites. Follow these [instructions](#) to setup your test suite

# Network

- Make sure your wireless adapter is set to dynamically obtain an IP address
- Connect to the wireless network **MSFTGUEST**
- Open a browser and navigate to a web site to be redirected to the Captive Portal
- Click on Event Attendee Code and enter the access code: **msevent700yr**

# Contact us for any questions:

1. **On-site staff**
2. [Dochelp@Microsoft.com](mailto:Dochelp@Microsoft.com): For protocols documentation issues
3. [Testsuitehelp@Microsoft.com](mailto:Testsuitehelp@Microsoft.com): For testing, test suites and networking issues
4. [RDP IO Lab](#) Teams channels: Chat and ask for help on testing and support issues

# Key Contacts

## On-site support

Michael Bowman  
Principal Program Manager

Katie Spencer  
Program Manager

Tom Devey  
Partner Technical Manager

Kristian Smith  
Support Engineer

Jeff McCashland  
Support Engineer

Tom Jebo  
Support Engineer

Sreenivasa Rao  
Software Engineer

Abiodun Aremu  
Software Engineer

## Virtual support

Hagit Galatzer  
Senior Program Manager

Obaid Farooqi  
Support Engineer

Sreekanth Nadendla  
Support Engineer

Obaro Ogbo  
Software Engineer

James Omitiron  
Software Engineer

Michael Nwanna  
Software Engineer

Tolulope Bewaji  
Software Engineer

Samson Alajede  
Software Engineer

# Have a question?

The RDP IO Lab Participation Guide (email/hard copy) contains specific technical information.

The [FAQ \(Frequently Asked Questions\)](#) section lists popular questions and important links

And you can always ask a team member 😊

# Feedback - Your opinion matters!

Please help us improve future IO Labs by filling out the event surveys!

Thank you!
